

Associate Director

- **Renewables experience**
- **International Property Company**
- **Based in Glasgow**
- **Up to £55K + Benefits**

This is a key position in a leading International Property Company with considerable interests in renewable energy development in Scotland. The role will involve a wide variety of work and offer some of the larger scale projects in Scotland.

In addition to handling an existing renewable energy workload, you will also be involved in managing a portfolio of projects spanning regeneration, masterplanning, large scale planning applications, city centre regeneration to leading edge commercial and mixed use development. The role demands previous exposure to managing client expectations and capabilities in renewable energy, strategic land and development planning.

This is an ideal and challenging opportunity for an experienced professional with strong commercial acumen, the experience and capability of managing a small team of planners and a suitable background at a senior level within the town planning profession.

Expect a competitive salary which incorporates base salary, car allowance, pension, health and bonus.

Please note that all discussions will be held on a private and confidential basis. For further information contact Rhonda Lamont on: 01382 521830 or email rhonda.lamont@melialakesh.co.uk
