

Senior EIA Consultant

- Glasgow
- To £40K + Benefits

This is a senior level environmental opportunity with one of the world's leading group of consultants, serving the international markets for road, rail and the environment. The company is well positioned to undertake a diversity of projects, has the benefit of a strong and varied client base and are privileged in that they gain a considerable amount of work through their 'internal market'

Due to continuing workload, a flexible EIA consultant is required to work on a broad range of EIA projects from Land based Wind Energy proposals, masterplanning and housing development. There will also be opportunities to get involved with marine environment EIA and nuclear projects.

You will be an intricate part of the planning, landscape and heritage team in Glasgow and central to the development of the EIA business and delivery capability. Qualified to degree level, you will have previous consultancy experience and proven track record of EIA consulting services, ideally in the Scottish region; with the ability to delegate work and assist in the supervision and training of junior members of staff.

There is an excellent career path available and benefits package to attract the best in the industry.

Please note that all discussions will be held on a private and confidential basis. For further information contact Rhonda Lamont on 01382 521830 or email rhonda.lamont@meliakesh.co.uk
